 PRICE INCREASE**

It's been 3years since the last  
 price increase on bags.  
 These new prices take effect immediately.

**Bulk prices are unchanged**

**SUPERIOR MELTING POWER**

**FIRE BLEND** #1 & #2 are available only in bulk or super sack. *Melts -15°*

**Fire Blend #2 is a DRIER ice melt.**

Our premium bag ice melt is “sized” to provide maximum melting results to help you use less. Zippy’s ice melt is more friendly to the environment plus we blend them in a special way so that they are evenly coated. Others often have a tendency to not evenly coat their product, which is where we stand apart due to our unique treating process. **SIGNATURE Blend** and **EXTREME Blend** both melt quickly to -15° and will keep melting lower at a slower rate. Both are screened and are easy to spread in very cold temperatures. **EXTREME Blend** is a coarser product and **SIGNATURE Blend** is slightly smaller, so depending on your tailgate spreader we have the proper ice melt to help you do your job easily and quickly.

Our **SHAKER JUGS** are handy for use on entryways at schools, offices, businesses, apartments, homes, etc.
